PRODUCT MANAGER | PRODUCT OWNER | BUSINESS ANALYSIS

rhys@dowsall.com | dowsall.com | linkedin.com/in/dowsall | Northern Ireland

PROFILE

Product Manager / Product Owner with 7+ years experience across regulated financial services, payments, SaaS and digital platforms. Strong in product discovery, roadmap and backlog ownership, complex requirements, governance and systems integration. Combines customer and commercial judgement with hands-on delivery leadership and current applied-AI product literacy.

EXPERIENCE

Independent Product & AI Work | 2025-2026

- Built and evaluated an AI Product Discovery Assistant that turns qualitative feedback into evidence-linked findings while keeping human review explicit.
- Supported early-stage discovery for construction software, including customer/problem exploration, backlog stories, validation activity and grant-application support.

Product Owner - Finance, PlotBox | Jul 2024-Jul 2025

- Owned roadmap, discovery and delivery across payments and finance capabilities including card/ACH workflows, payment links, settlement, reconciliation, reporting and finance exports.
- Supported PlotBox Pay as monthly throughput grew from about \$230k to \$1.5m over roughly six months, while balancing scale, controls and release readiness.
- Led product/business analysis for a phased NetSuite journal-export integration, designed and sandbox-tested an API path intended to replace a nine-step manual process.

Digital Product Manager, Avant Money | Feb 2019-Jul 2024

- Owned product prioritisation for the mobile app and led delivery through developers and QA; MVP capabilities included payments, transactions, balance, biometrics and wallet support.
- Delivered PSD2 Strong Customer Authentication to a fixed regulatory deadline, coordinating requirements, testing, governance and operational readiness.
- Led OneTrust / GTM consent management across seven sites; post-remediation checks reduced 20+ identified unauthorised cookies to zero.
